CONCEPT

The Central European Academy (CEA) is pleased to announce its Farewell Event on 25 June 2025, marking a significant moment in its young yet impactful history. This occasion will celebrate the first generation of junior researchers—doctoral students and interns—who have successfully completed their journey within the Academy's programmes.

Established on 1 January 2022 in Budapest as a separate legal entity of the University of Miskolc, the CEA builds upon the university's long-standing academic tradition, rooted in Selmecbánya (now Banská Štiavnica). In just a few years, the Academy has become a vibrant hub for scientific excellence and international collaboration in Central Europe. Through the CECL PhD Programme and the CEA Internship Programme, it has provided a unique platform for interdisciplinary research, legal scholarship, and professional growth.

The Farewell Event will be a moment to reflect on the achievements of the junior researchers who have contributed to the Academy's vision. Their dedication and academic success stand as a testament to the strength of the CEA's mission—to foster high-quality research and meaningful cross-border dialogue.

This celebration is not only an opportunity to honour the accomplishments of our first cohort but also a heartfelt occasion to wish them well as they continue their academic and professional journeys. Whether pursuing further research, entering the legal profession, or engaging in public service, they will carry the spirit of the CEA with them.

The entire CEA community—senior researchers, mentors, colleagues, and friends—looks forward to joining together in recognition of this milestone and in celebration of a promising future for our distinguished alumni.
